Individual Professional Use

Ideal for spraying, inflating and operating small air tools where 230 volt power is not available. The heavy duty, quiet, 2 cylinder pump has a rapid rate of recovery. It has an all cast iron ball bearing, with honed cylinders and three-ring pistons. This unit has an enclosed OSHA approved Steel Belt Guard. This 115 volt unit is completely pre-wired and ready to run.

1.5 HP Single Phase 115v Motor
