NEW Easy To Use LCD Control Panel!

PERFORMANCE-DRIVEN BENEFITS

Accurate sensor technology allows optimum fluid level to be maintained in vehicle's transmission.

Two in-line 22-micron absolute fluid filters capture microscopic particles and contaminants.

Easy to use adapters allow quick hookup to virtually any automobile make and model, saving time and money.

Fully automatic. Performs an entire exchange with the push of a button.

2.5 gallon per minute pump ensures rapid exchanges.

FEATURES

Roto-cast polyethylene body and tanks

Drains vehicle's transmission for filter change

Ability to add and remove fluid

Adapter holder drains directly into waste tank

Ergonomically correct working height

5-inch locking caster wheels

Clear service hoses

SPECIFICATIONS

Dimensions:

39"H x 24 3/4"W x 25"D

Shipping Weight:

TS735: 132 lbs.

TSPS735: 138 lbs.

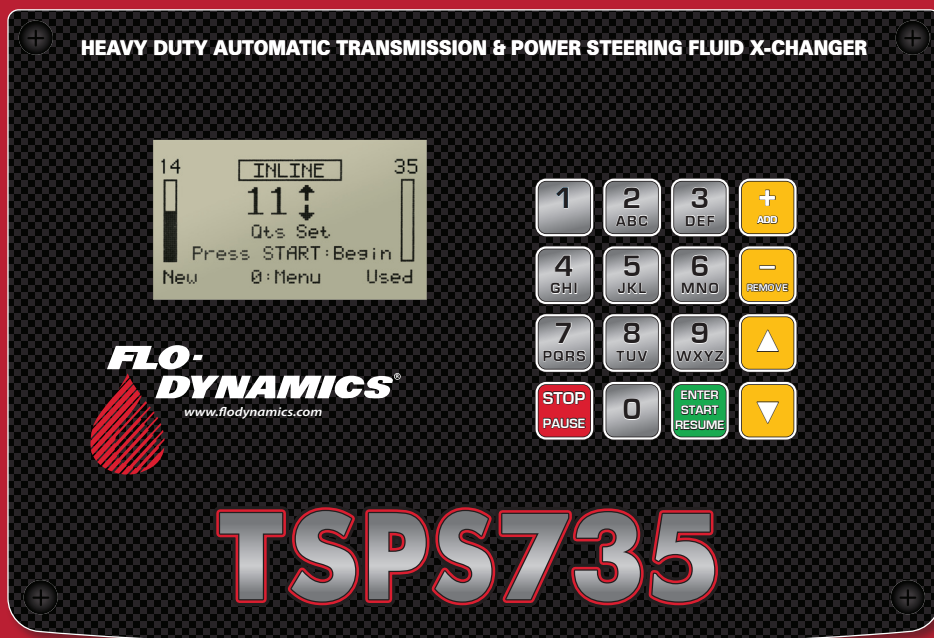

TSD735: 138 lbs.

TSDPS735: 140 lbs.

Fluid Tanks:

35 qt. New & Used

Power: 12V DC from vehicle's battery

Additional Key Exclusive Features:

- Select ANY quantity from 1 to 35 quarts
- Pause Button
- Easy to follow screen prompts
- Power interruption memory
- Quart Counter
- Volt Meter
