

The Next Big Thing In Truckmounts

We at Mytee Products know that Electric Truckmount Technology is the future, and we've spent years perfecting our equipment to bring you The Next Big Thing: **the Escape® LX™ Plus Electric Truckmount!** Finally, an electric truckmount with the power to rival gas... at a fraction of the cost!

- Features **three** LX™ vacuums for unbeatable suction on long hose runs.
- 350 CFM, 17.5 in. Hg (approx.)
- 1,200 PSI pump (regulated to 1,000 PSI), 2.2 GPM flow
- Auto-fill and chemical injection included.
- 3.5 GPM pump-out
- Weighs only 190 lbs.
- Make it mobile with the optional Transport Cart (part no. A150).
- Draws 30 amps @ 230V 60Hz
- Runs off a single 5 ft. 4-prong power cord
- Includes Lint Hog™ in-line filter and Cuff-Lynx™ Hose Connectors

Benefits of Going Electric

Value – The first electric truckmount to rival gas at a fraction of the cost!

Very little maintenance – No power take-off or expensive engines that need to be maintained.

Includes a Lint Hog™ in-line debris filter!

On-board chemical injection automatically siphons in your desired chemical!
