

DRIVEN BY AIR.

Digital ACCURA[®] MK4 Tire Inflator

Introducing the new industry leading tire inflator from PCL.

The PCL MK4 tire inflator range has become industry standard in workshops, gas stations & tire depots for over 25 years. The digital age is now upon us and PCL are firmly committed to offering the same features and benefits that have stood the test of time with the advancements in digital technology.

Introducing the new ACCURA[®] MK4 Tire Inflator which marries the ruggedness of a metal analogue inflator with the lightness, accuracy and ease of use of a digital gauge. As robust as ever and highly accurate, offering leading inflation and deflation rates with high performance for both indoor and outdoor applications. The large size LCD, backlit screen and selectable units of pressure reading make this the most versatile digital handheld product PCL has ever launched. With a new, short slimline body design, the gauge is the lightest metal bodied gauge on the market, with a biomorphic shape to give increased comfort in use.

The ACCURA[®] MK4 Tire Inflator is available with a wide choice of tire valve connectors and hose lengths to suit all tire inflation applications and is set to become the hottest new product to have in 2017.

A HORNGROUP BRAND

Features & Benefits

- Extremely robust aluminium body with protective rubber bumper - **Long accurate life expectancy**
- Small 'compact' body is the lightest metal bodied digital inflator on the market - **Easy to use with reduced fatigue**
- Slimline biomorphic body shape gives increased comfort for the user - **Fast to use and handle**
- Higher pressure range for multiple applications 4 – 250 psi range (including trucks) - **Versatile and flexible saving time and money**
- Permanently backlit in use, auto off after 25 seconds no-use - Easy to read in dark workshops or at night - **Increased flexibility saving cost and time**
- Large screen and clear digits - Easy and quick to read - **Increasing accuracy and speed of use**
- IP54 - can be used indoors and outdoors, **saving time and increasing service**
- Individually tested and certified against national approved gauges
- Replaceable 2 X AAA batteries power unit (supplied)
- 3 units of calibration toggle as standard - psi, bar & kPa
- Registered Design

Specifications

Dimensions

Length:	8.27"
Width:	1.9"
Weight:	1.09 lbs
LCD Screen:	1.1" x 0.79"
Digit Height:	0.31"

Environmental

Operating:	-15 to 55°C / 5 to 131°F
Storage:	-30 to 80°C / -22 to 176°F

Pressure Measurement

Accuracy Exceeds:	Compliant with BS EN12645:2014
Reading Accuracy:	0.1 psi / 0.01 bar / 1 kPa
Max Inflation Pressure:	250 psi
Max Inlet Pressure:	260 psi

Inflation Speed

Inflation Flow (@ 190 psi / 13 bar):	500 l/min / 18 CFM
--------------------------------------	--------------------

Part No.	Hose Length	Chuck Type	Calibration
DAC409	21"	Twin angled	4-250 psi

PCL is the world leader in the design and manufacture of tire inflation and compressed air products.
