

S-24 & S-25 TIRE CART & WHEEL DOLLY

S-24
Tire Cart

S-25
Wheel Dolly

PRODUCT FEATURES

The **S-24 Tire Cart** is perfect for quick and safe around the shop transport of most passenger and light truck tire and wheel. The heavy duty casters allow for easy lifting and maneuverability. Mounting a tire is simple and fast. Inner rollers allow the tire and wheel to spin freely, for fast and easy wheel stud alignment. Completely adjustable the S-24 Tire Cart handles just about any size tire and wheel combination up to 200 lbs. Stop moving heavy tires the hard way and reduce your risk of injury.

The **S-25 Wheel Dolly** is used to remove and replace all truck tire singles, tandems or duplex. Speeding up the wheel handling process also reduces costs from equipment downtime. Handling up to 2500 lbs with ease speeds up fleet maintenance and ends damage to grease retainers and bearings when mounting or dismounting the wheel! The large 5" swivel guide and carrier wheels with rubber tires makes for easier maneuverability too. With a specially designed 3" leveling adjustment screw and 5" vertical bar, the S-25 can quickly align wheels to axles.
