

ARO 210 Series

Product Options

Specially designed and developed by PCL suitable for most general compressed air applications.

Key Product Benefits

- Robust slim line construction
- Single action connection
- Steel construction with corrosive resistant finish

Specifications

Nominal bore: 0.2"

Flow rate @ 90psi: 23cfm @ 7psi p.d.

Maximum Working Pressure: 200psi

Product Options

Part No.	Description	Thread Type	Thread Size
AC61CFN	Air Coupler	Female	1/4 FNPT
ACA6923N	Plug	Male	1/4 MNPT
