

Milton Industrial Series

Product Options

Designed and manufactured by PCL. This range of couplings offers excellent flow characteristics for industrial applications.

Key Product Benefits

- Offers enhanced tool efficiency
- Steel construction with corrosive resistant finish
- Steel shoulder prevents accidental disconnection

Specifications

Nominal bore: 0.2"

Flow rate @ 90psi: 39cfm @ 7cfm p.d.

Maximum Working Pressure: 500psi

Product Options

Part No.	Description	Thread Type	Thread Size
AC75CFN	Air Coupler	Female	1/4 FNPT
AA7502N	Plug	Male	1/4 MNPT
