Digital Universal Service Gauge

Info / Accessories

This Digital Universal Service Gauge is self-calibrating and features a 90 second auto power off. Easy to use, simply press the button and wait for the beep - the gauge is then ready to use. Tyre pressures are displayed in your choice of 4 pressure measurements. Ideal for commercial vehicles when reading high volume tyres.

Key Product Benefits

- 4 measurement options - psi / bar / kPa / kg/cm²
- Swivel head to allow easy access to the tyre valve
- Clear large display
- Ergonomic handle for comfort in use
- Lightweight body with robust steel shaft and head
- Replaceable battery
- Red backlit screen for easy reading in dark or low light areas

Specifications

Accuracy: +/- 1%

Reading Accuracy: 0.5psi / 0.05bar / 10kPa / 0.05kg/cm²
